KING Board

Code	Dimension	Colours
PBKB1	1.2m x 2.2m x 3.5mm	Light Gray
PBKB2	1.2m x 2.2m x 5.5mm	Navy Blue

*Available lose or packs of 10

KING Board

KING Board is a heavy-duty PP honeycomb protection board engineered for demanding job sites. It offers excellent load-bearing capacity strong enough to withstand forklift traffic without deformation and one side is laminated with a protective fabric layer for enhanced floor protection during use. The material is also flame-retardant, adding an extra layer of safety in fire-prone environments.

Key Benefits

- Excellent load-bearing capacity — withstands forklift traffic without deformation
- Felt-laminated surface for enhanced floor protection
- Flame-retardant material for added on-site safety
  Water-resistant and reusable across multiple project stages

FIRE RESISTANCE
LIGHTWEIGHT
UV RESISTANCE
IMPACT RESISTANCE
WATER RESISTANCE
RECYCLABLE
ANTI- SLIP
STABLE STRUCTURE

Main Applications

- Tile, stone, marble, vinyl or timber floors
- Doors, walls and columns
- Benchtops and cabinetry
- Windows
- Staircases
